Benefits for Employees and Consultants

1. **More money:** Several recent salary surveys reveal the power of certification to boost income. These surveys show **certified professionals earn more money** than non-certified professionals, as their skills grow and can command a higher pay cheque.
2. **Better position:** Certification is important when being considered for a promotion or other career opportunities. You give the necessary assurance that you have the knowledge and skills to accept more responsibility.
3. **Better job:** It will be easier to move into more desirable positions. Certifications will differentiate yourself from your competitors.
4. **Professional credentials:** Certification is an advantage on your resume, serving as a third-party endorsement to your knowledge and experience. Certification and training listed on your resume demonstrates your ability and your desire to stay current.

Benefits for Organizations

1. **Independent evidence:** Our certificates serve as independent evidence that you have the skills required to understand and support risk and compliance projects.
2. **Job satisfaction:** Certified employees are more satisfied and more productive than their non-certified counterparts.
3. **Due care:** Certified professionals will greatly assist employers in being able to construct a viable risk and compliance program, and to prove that they exercise due care.

6. How are your exams developed?

The exams have been developed to the highest professional standards. The Association develops and maintains a compendium of risk and compliance topics. Subject matter experts review and update this body of knowledge. And all the questions on the certification exams have been reviewed and approved by a group of subject experts on behalf of the Association.

7. How long is each exam?

A candidate is given 90 minutes to complete a 35 question multiple-choice exam.

8. What score do I need to pass each exam?

A candidate must score 70% or higher.
